A full service privately owned Canadian international freight forwarding firm specializing in innovative solutions to our clients' and agents' transportation challenges since 1947.

ABOUT US

The company operates offices in Montreal, Toronto, Vancouver and the U.S.A. with agents throughout the world. The company's international operations are divided into four principal areas of activity:

- International Freight Forwarding Agency
- Marine Chartering
- International Projects
- Air Freight

OUR APPROACH

Gillespie-Munro Inc. prides itself in developing a relationship with a client that looks to the long term. Our staff is trained to work in the "client's" best interest as if they were part of their organization. We believe that our "client's" success will contribute to our success, and that we must ensure they have the best possible transportation rates, routing and customer service in order to compete worldwide

QUALIFICATIONS

Gillespie-Munro Inc. is a company designed to specialize in transportation both from and to Canada, the U.S.A., and between foreign countries where the need may arise.

Worldwide exports for our various clients exceed 5 million tons annually.

With a wide variety of clientele, we have experience handling everything from reefer cargo to hazardous commodities. Our total transportation philosophy offers a complete service package whether you are shipping one ton or 5000 tons, part charter or project freight to on-site delivery.

OUR SERVICES

FULL SERVICE DOCUMENTATION

Tailored to meet the needs of the client from the most minimal of requirements to a full service range, including preparation of all documents relating to a specific transaction.

LETTER OF CREDIT REVIEW AND NEGOTIATION

Many of our clients submit their letters of credit for our perusal in order to intercept any anticipated negotiation difficulties. We further submit the completed documentation package to the negotiating bank with the original letter of credit, and respond to any and all of the bank's enquiries pertaining to same.

CHARTER BROKERING

Offering experienced and qualified services in the fixing and handling of full or part-charter cargoes. We negotiate load/discharge costs, prepare and/or approve disbursements, demurrage, despatch and laytime statements.

AIR FREIGHT

Trained professionals ensure prompt and cost-effective handling of air freight shipments worldwide to and from Canada, from sample shipments to full charters.

INTERNATIONAL PROJECTS

In-house project experience and expertise providing for full logistical service from door-to-door on turnkey projects of all types or size both from and to Canada.

HAZARDOUS CARGO

Fully-trained staff and in house experts ensure that the proper arrangements, including paperwork, labels and advice to all parties concerned are in place prior to movement.

DIMENSIONAL AND OVERWEIGHT CARGO

By land, sea, or air, the facilities to accommodate this cargo for movement within Canada or worldwide is an integral part of our transportation services.

MARINE INSURANCE BROKERS

Providing for marine insurance coverage under our blanket open policy at very competitive rates. Claims settled virtually anywhere in the world.

EXPORT PACKAGING AND CONTAINER STUFFING

Through lengthy relationships with companies specializing in this field, we are fully equipped to handle any and all enquiries concerning export packaging, container securing, loading, and in fact can arrange for qualified consulting regarding these needs.
